

FOR IMMEDIATE RELEASE

ServiceMaster Clean of St. John's recognizes the contributions of

Tammy Taylor

October 18, 2024 – Tammy Taylor has been a long-standing member of the ServiceMaster Clean of St. John's family having joined us back in 2009. Since welcoming Tammy aboard our team, Tammy has proven herself to be one of the most reliable and dependable employees anyone could ask for! Her cheerful demeanor and eagerness to perform her duties with a careful eye to detail has made her not just invaluable to us, but unquestionably an **EVERYDAY HERO!**

As a key member of our staff with one of our longstanding clients, Southwest Properties, Tammy has consistently shown her dedication to our customers is second to none. Recently, ServiceMaster Clean of St. John's was asked to take over a historic church property. In the short period that we have held this account, Tammy has successfully brought the level of cleanliness of this facility to a new standard! Tammy's commitment and work ethic has earned her the respect of not only our ServiceMaster Clean office staff but her peers and our clients as well.

Tammy Taylor has proven herself to be an integral part of the success at ServiceMaster Clean of St. John's. We are so proud and thankful to count Tammy as a member of our team and would like to recognize Tammy for **always** showing up and being a role model for other employees!

*"Thank you, Tammy, for simply being you.
You are most certainly our **EVERYDAY HERO!**"*
