

FOR IMMEDIATE RELEASE

ServiceMaster of Kingston, Belleville and Trenton

recognizes the contributions of

Lisa Villeneuve

October 4, 2021 – It has been two years since Lisa Villeneuve first joined ServiceMaster of Kingston, Belleville and Trenton and in that time, we have come to not only appreciate Lisa for the extraordinary commitment she makes to her work, but we have also come to love her for simply being who she is ... an **EVERYDAY HERO!**

As a Day Cleaner with one of our larger clients, Lisa has been tasked with keeping their facilities as sparkly clean as possible. While we at ServiceMaster knew of Lisa's work ethic, the client she serves, Empire Life, have also come to appreciate those same qualities. Recently, the Director and Chief Auditor of Empire Life, sent us these comments: "Just thought I would pass along my thoughts on how fantastic Lisa the cleaning person is. I am amazed at the number of times daily that the washroom is cleaned as well as other areas and how thoroughly these areas are cleaned. I had an opportunity today to chat with Lisa and she truly loves what she does and this shows in her work. What a lovely lady!"

We are proud and thankful to have Lisa on our team and to recognize her for the dedication she makes to her work each and every day!

*"Thank you, Lisa, for being a true ambassador for our business!
You are most certainly our **EVERYDAY HERO!**"*

AJ Gould
General Manager
